

ZELL AM SEE-KAPRUN APP

"ENJOY & EXPLORE"

Make your winter holiday more individual than ever before with the free Zell am See-Kaprun App.

Do you want to know exactly what is going on when and where during your holiday? What the weather will be like during the day and what event to enjoy in the evening? Where to find the best shopping addresses and the largest amounts of fresh snow for your first freeride downhill run? You will find out all about this at a glance by using the Zell am See-Kaprun App - the perfect companion for your winter holiday between glacier, mountain, and lake.

The Zell am See-Kaprun App goodies:

- The app has the latest updates on piste status and operating hours of the mountain lifts, digital piste maps as well as the best addresses for a stop for refreshment on the mountain, and information on the region's highlight experiences.
- The app provides information about the weather, temperatures on the glacier, on the mountain and in the valley, the amount of snow in recent days, forecast amounts of fresh snow, wind speeds and much more.
- The app features an overview of the best shopping addresses and hire stations for sports equipment and material. It also contains a complete event calendar.
- Use the "Digital Wallet" to store your most important cards and tickets such as the digital guest card.
- Use the "Digital Wallet" to store your most important cards and tickets such as the digital Guest Mobility Ticket, and the guest card or the Smartphone Ticket - your digital ski pass.
- The digital route planner also shows you exactly when the next ski bus will arrive based on your location.

Tip: Buy ski passes and tickets for mountain railway highlights in advance in the experience shop directly in the app and enjoy your holiday without queuing.

All information about the app and the free download options can be found here:
