### **YOUR DIGITAL TRAVEL COMPANION**

**The free Zell am See-Kaprun App** offers the ideal service and overview for the perfect holiday between glacier, mountain and lake. Clearly structured, the app is an indispensable travel companion, event calendar, adventure planner, restaurant guide and mobile information point all in one. It contains all the important live information on weather, lake temperature, lift times, piste status and opening times, as well as the latest information on guided tours and interactive maps for the Schmittenhöhe and Kitzsteinhorn. As a digital route planner, it shows the way to the best hiking, running and biking tours - including tips for mountain huts. In winter, it offers numerous recommendations for the best ski touring and freeride routes, winter hiking trails and cross-country ski trails. Away from the sporting trails, it also serves as a shopping guide and shows you the best shopping opportunities in Zell am See-Kaprun. Particularly practical: the integrated digital route planner takes users from their current location directly to their next desired destination - by public transport, car, bike or on foot. Stored in the digital wallet, all important tickets - such as the Guest Mobility Ticket, the digital guest or summer card and all purchased tickets - are never lost.
